## Highlights

☆ Masai Mara National Reserve    ☆ Tsavo West National Park    ☆ Amboseli National Park

# Tsavo West National Park

We're thrilled that you chose to go on safari with us, and now is the moment when all of the planning pays off and your safari dreams begin to come true. You'll meet our team, we'll explain what happens next and answer any questions you might have. Then all that's left to do is go and start this safari trip of a lifetime together.

Enjoy getting to know Tsavo West, with its stunning landscapes and interesting populations of elephants (which often look red because of the Tsavo dust in which they bathe) and lions (many of the males don't have manes). You also have a chance of seeing rhino, hippo, hyena, buffalo, zebra, giraffe and even leopard, as well as many different kinds of birds (over 400 types have been seen here).

## Nairobi

Getting to know Nairobi is a wonderful addition to your safari, with the city's museums, markets, shops, wildlife-rescue centers, restaurants and nightlife. Nairobi even has its own (excellent) national park.

Your location at Ngulia Safari Lodge is one of the best anywhere in Tsavo West National Park. The old-style rooms are gradually being overhauled, but it's all about the views here, with fine panoramas of the Ngulia Hills and down off the escarpment. Rhinos, leopards and other wildlife often come to the waterhole here, especially after dark, and you can see it all from the restaurant.

# Amboseli National Park

It's possible that you'll never want to leave Amboseli National Park. It's a remarkable place that combines wonderful wildlife viewing with astonishing views, even though it's one of Kenya's smallest major parks. Look for lions and cheetahs, zebras and giraffes, spotted hyenas and wildebeest. Best of all when it comes to animals, Amboseli is known for its population of big-tusked elephants that you can often get really close to. Watching over it all is Mt Kilimanjaro (5895m), Africa's tallest mountain that towers over Amboseli's (and Kenya's) southern boundary.

## Masai Mara National Reserve

Kenya has some incredible wildlife destinations, but the Masai Mara National Reserve may well be the best of them all. This classic East African landscape of savannah grasslands, rolling hills, acacia woodlands and distant escarpments is itself impressive. But it's also the backdrop to one of the densest concentrations of wildlife on the planet. The Mara is known for its big cats, and this is certainly one of the best places to see lion, leopard and cheetah. You're almost guaranteed to see elephant, giraffe, buffalo, Thomson's gazelle, hippo, wildebeest and zebra, while black rhinos are possible in the Mara Triangle. And that's just the start. The Masai Mara is home to over 500 bird species too.

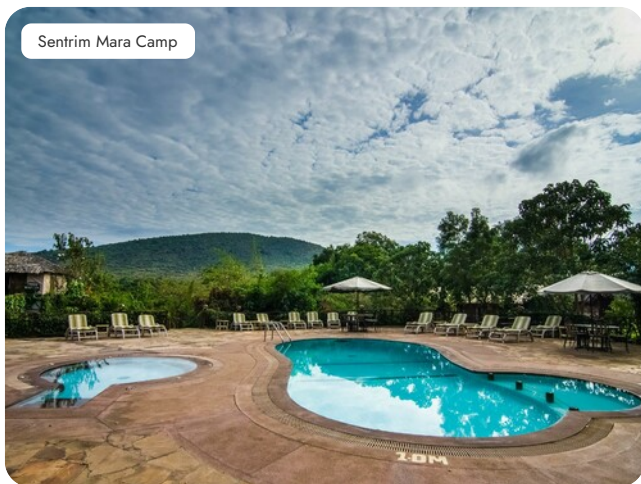

Accommodation | Day 5

Your safari tent at Sentrim Mara Camp, which sits on an elevated platform with a stone-tiled floor, is an enjoyable place to sleep. # Kenya Bush Tracks Safaris

We are a small, local, personal, family-run safari company, offering privately – guided safaris primarily in East Africa, which is by far and away the best way to explore this area – Out of Africa – style!

We believe that every safari should be different because each person is different. Safaris should be customized and tailor-made to suit each individual, couple, family or group.

Communication is the key in planning a great safari, right from the start. From the first email, phone call or whatsapp text, we work with you, discovering your likes and dislikes, hobbies and passions, so that your trip is not just about travelling somewhere – it's about the people you meet, the places you discover and the memories you make along the way.

As a tour operator in Kenya, we always make sure when book with us that our safari guides will travel with you wherever you would like to go – very much in the style of the great safaris of yesteryear.

This can be interspersed with a handful of hand-picked small luxury camps and lodges some of which we've partnered with for years, or specialist adventures, such as flying, camping under the stars, camel treks, hot-air balloon rides, horse riding – whatever you would like to do!

Attention to detail is what we do best, so every aspect of your safari is planned with precision and any questions you might have are answered with detail and an intimate knowledge of the region we know, lived and love so much.
