Amboseli National Park

Your safari starts here, and we're as excited about getting going as you are. We're really looking forward to meeting you, introducing you to your guide, and taking you out on the first steps of your safari.

You're in for a real safari treat when you visit Amboseli. It's one of Kenya's most beautiful parks, thanks to the fact that Mt Kilimanjaro, Africa's tallest peak (5895m), dominates most views here. Amboseli is also famous for its large population of elephants with big tusks, and you have an excellent chance of seeing lions, cheetahs, hyenas, zebras, buffaloes, giraffes, wildebeests and many gazelles while you're here. With 420 bird species recorded, it's also a great place for birding.

Lake Nakuru National Park

On your visit to Lake Nakuru National Park, you can expect some fantastic wildlife experiences. Flamingos have returned to the lake in varying numbers. You might also see tree-climbing lions, endangered Rothschild's giraffes, and the park's thriving populations of both black and white rhinos. And because the park is relatively compact, your chances of seeing these and other animals are excellent. The park's scenery, too, is a highlight, with the picturesque lake as a centerpiece. The acacia woodlands are especially pretty, and the views of the lake are best from the Out of Africa Lookout (where some scenes from the 1985 film were shot).

Accommodation | Day 3

Lake Nakuru Sopa Lodge

Lodge | Mid-Range | Inside Lake Nakuru National Park

You'll stay in a corner of Lake Nakuru National Park which Lake Nakuru Sopa Lodge has all to itself. The views from just about anywhere in the lodge are the best in the park, and the rooms are large, lovely and filled with light. The facilities are first-rate, from the swimming pool to the bar and restaurant. But it's the location that really sets this place apart.

Masai Mara National Reserve

Kenya has some incredible wildlife destinations, but the Masai Mara National Reserve may well be the best of them all. This classic East African landscape of savannah grasslands, rolling hills, acacia woodlands and distant escarpments is itself impressive. But it's also the backdrop to one of the densest concentrations of wildlife on the planet. The Mara is known for its big cats, and this is certainly one of the best places to see lion, leopard and cheetah. You're almost guaranteed to see elephant, giraffe, buffalo, Thomson's gazelle, hippo, wildebeest and zebra, while black rhinos are possible in the Mara Triangle. And that's just the start. The Masai Mara is home to over 500 bird species too.

Kenya Bush Tracks Safaris

We are a small, local, personal, family-run safari company, offering privately – guided safaris primarily in East Africa, which is by far and away the best way to explore this area – Out of Africa – style!

We believe that every safari should be different because each person is different. Safaris should be customized and tailor-made to suit each individual, couple, family or group.

Communication is the key in planning a great safari, right from the start. From the first email, phone call or whatsapp text, we work with you, discovering your likes and dislikes, hobbies and passions, so that your trip is not just about travelling somewhere – it's about the people you meet, the places you discover and the memories you make along the way.

As a tour operator in Kenya, we always make sure when book with us that our safari guides will travel with you wherever you would like to go – very much in the style of the great safaris of yesteryear.

This can be interspersed with a handful of hand-picked small luxury camps and lodges some of which we've partnered with for years, or specialist adventures, such as flying, camping under the stars, camel treks, hot-air balloon rides, horse riding – whatever you would like to do!

Attention to detail is what we do best, so every aspect of your safari is planned with precision and any questions you might have are answered with detail and an intimate knowledge of the region we know, lived and love so much.
