# Nairobi

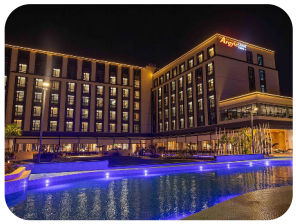

Your safari starts here, and we're as excited about getting going as you are. We're really looking forward to meeting you, introducing you to your guide, and taking you out on the first steps of your safari.

Nairobi is a fascinating introduction to modern Kenyan life, with its fine restaurants, hotels, bars and nightclubs. You'll also have the chance to enjoy some excellent museums, wildlife attractions, markets and shops, which offer a deeper understanding of the country. This, along with the parks and reserves, makes a Kenyan safari such a wonderful experience.

# Masai Mara National Reserve

Welcome to one of the best safari destinations in Kenya. Here in the Masai Mara National Reserve, you're almost certain to see lions, hyenas, hippos, elephants, giraffes, wildebeests, buffaloes, impalas and zebras, not to mention the more-than-500 species of birds that have been recorded here. There's also a good chance you'll encounter leopards and cheetahs, while you might also see black rhinos in the Mara Triangle. Another memorable thing about visiting the Masai Mara is the landscape of vast savannah grasslands with plenty of flat-topped acacia trees.

**Enkorok Mara Camp**

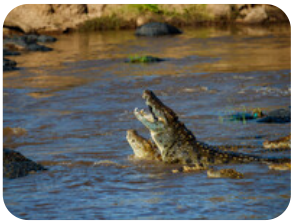

Tented camp | Mid-Range | Just outside Masai Mara National Reserve

At Enkorok Mara Camp enjoy being in an area of the Masai Mara away from other camps, but with plenty of wildlife, including the elephants that sometimes wander through camp. Located in the Siana Conservancy, Enkorok has a dining area with a soaring thatched roof, and the safari tents have plenty of room. You'll never grow tired of the views of the Oloolotikoshi Hills.

# Lake Nakuru National Park

It's not surprising that some of the aerial scenes from Out of Africa were shot here in Lake Nakuru National Park, with its fabulous views of the escarpment, lake and acacia forest. What also makes Lake Nakuru such a special place to visit is its populations of black and white rhinos, tree-climbing lions and endangered Rothschild's giraffes. You might also see leopards, flamingos and many different kinds of birds too.

Accommodation | Day 4
**Ziwa Bush Lodge**
Lodge | Mid-Range

Northwest of Lake Nakuru and close to Njoro, Ziwa Bush Lodge is a fantastic base for exploring this corner of the Rift Valley. Stylish rooms with beautifully crafted wood furniture, a swimming pool surrounded by trees and local stone paving, and a restaurant are all standard. You'll also enjoy the warmth of the welcome from the savvy hosts who are keen to make sure you don't miss the best the area has to offer.

# Amboseli National Park

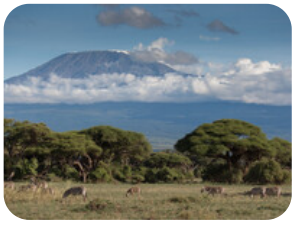

Amboseli may be smaller than many other Kenyan parks, but it packs a lot into a very small space. For starters, the views here are astonishing because Africa's highest mountain, Mt Kilimanjaro (5895m), looms over the park to the south. Best of all, the mountain provides a backdrop to many fantastic wildlife sightings that almost always include elephants with big tusks, as well as lions, cheetahs, hyenas, zebras, buffaloes, giraffes, wildebeests and gazelles. Birders can also look for the park's 420 different recorded species.

## Amboseli Sopa Lodge

Lodge | Mid-Range | Just outside Amboseli National Park

There aren't many places where you can go for a swim and look up to see Mt Kilimanjaro rising above the not-so-far horizon. That's what awaits you at Amboseli Sopa Lodge, your base for exploring Amboseli National Park. Well-sized rooms with bold colors, a decent restaurant and bar, and a tranquil location east of the park will be further highlights of your stay here.

# Tsavo East National Park

Tsavo East National Park is one of Kenya's most interesting and rewarding safari destinations. Partly that's because of the animals you might see. Most visitors have encounters with Tsavo's distinctive maneless male lions, as well as the park's elephants which are known to change color after bathing in the red Tsavo dust. Cheetahs are also commonly seen, especially out on the eastern plains. And you could see gerenuk, hirola antelope and Somali ostrich (one of over 500 different bird species recorded in the park). The park also has plenty of scenic appeal, with savannah grasses, remote backcountry, croc-filled rivers, and towering rocky monoliths.

**Man Eaters Lodge**

Tented camp | Mid-Range | Bordering Tsavo East National Park without fences

You're not far from Tsavo West National Park at Man Eaters Lodge, a rewarding place alongside the Tsavo River and far removed from other lodges and camps. The safari tents are large, and they sit beneath high thatched canopies that protect the tents from the harsh Tsavo sun and occasional rain. Relax in the pool, or in the bar and restaurant.

# Kenya Bush Tracks Safaris

We are a small, local, personal, family-run safari company, offering privately – guided safaris primarily in East Africa, which is by far and away the best way to explore this area – Out of Africa – style!

We believe that every safari should be different because each person is different. Safaris should be customized and tailor-made to suit each individual, couple, family or group.

Communication is the key in planning a great safari, right from the start. From the first email, phone call or whatsapp text, we work with you, discovering your likes and dislikes, hobbies and passions, so that your trip is not just about travelling somewhere – it's about the people you meet, the places you discover and the memories you make along the way.

As a tour operator in Kenya, we always make sure when book with us that our safari guides will travel with you wherever you would like to go – very much in the style of the great safaris of yesteryear.

This can be interspersed with a handful of hand-picked small luxury camps and lodges some of which we've partnered with for years, or specialist adventures, such as flying, camping under the stars, camel treks, hot-air baloon rides, horse riding – whatever you would like to do!

Attention to detail is what we do best, so every aspect of your safari is planned with precision and any questions you might have are answered with detail and an intimate knowledge of the region we know, lived and love so much.
