Nairobi

After all the time you've spent planning and dreaming about going on safari, this is where it finally starts. Your guide will meet you and explain everything you need to know and answer any questions you might have. And then we'll go out on safari together.

You'll be visiting one of the best safari parks in Africa when you come to Amboseli. The park is filled with big-tusked elephants, and Mt Kilimanjaro, Africa's highest mountain (5895m), looms over Amboseli. This combination makes for some fantastic photos, especially when the clouds clear over the summit as they do most days around sunrise and sunset. You also have a good chance of seeing lions, cheetahs, hyenas, zebras, buffaloes, giraffes (out in the park's east), wildebeests and plenty of gazelles. The park is also terrific for birding, with 420 species recorded.

Nairobi (Day 1)

Getting to know Nairobi is a wonderful addition to your safari, with the city's museums, markets, shops, wildlife-rescue centers, restaurants and nightlife. Nairobi even has its own (excellent) national park.

Masai Mara National Reserve

We think you'll love the Masai Mara National Reserve, one of the best places to watch wildlife anywhere in Kenya. You're almost guaranteed to see plenty of predators, including lions, leopards, cheetahs and spotted hyenas. With so many impalas, zebras, wildebeests, buffaloes and other prey species here, as well as over 500 bird species, you'll see plenty of safari action. Black rhinos are possible in the Mara Triangle. Also everywhere are elephants, giraffes and hippos, and everyone who visits falls in love with the Masai Mara's classic safari landscapes.

Kenya Bush Tracks Safaris

We are a small, local, personal, family-run safari company, offering privately – guided safaris primarily in East Africa, which is by far and away the best way to explore this area – Out of Africa – style!

We believe that every safari should be different because each person is different. Safaris should be customized and tailor-made to suit each individual, couple, family or group.

Communication is the key in planning a great safari, right from the start. From the first email, phone call or whatsapp text, we work with you, discovering your likes and dislikes, hobbies and passions, so that your trip is not just about travelling somewhere – it's about the people you meet, the places you discover and the memories you make along the way.

As a tour operator in Kenya, we always make sure when book with us that our safari guides will travel with you wherever you would like to go – very much in the style of the great safaris of yesteryear.

This can be interspersed with a handful of hand-picked small luxury camps and lodges some of which we've partnered with for years, or specialist adventures, such as flying, camping under the stars, camel treks, hot-air baloon rides, horse riding – whatever you would like to do!

Attention to detail is what we do best, so every aspect of your safari is planned with precision and any questions you might have are answered with detail and an intimate knowledge of the region we know, lived and love so much.
